New Year – New You...

Whether you're looking to take up a new hobby or train for a new career you could find the answer in one of our 2020 part time courses for adults.

Applying for a course is quick and easy.

You can apply for your chosen course online now at www.southport.ac.uk or come into College and apply in person.

For many of our introductory courses you can also enrol online as part of the application process. This secures your place and we highly recommend it.

Other courses just require a short course discussion, to ensure you've chosen the correct level of study for your needs. We'll arrange this when we receive your application.

Your course could be FREE

Did you know that with most of our courses you could be eligible for help with fees or even FREE study?
